## **OWNERS OF TERRAPINS CONSIDERING TRADES**

Swacina, the Clever First Sacker of Baltimore Feds, Figures in Pending Deal.

RASIN AND KNABE ARE SILENT

Neither President nor Manager Will Discuss Deals to Include Simmons, Bailey, Zinn and Others-Fate of Orioles Will Soon Be Known.

BALTIMORE, MD., December 1. Terrapins, and the deals may be time there have been reports playing for some other Federal club next year. Trouble with other players on the team was hinted as the cause. Certainly little fault could be found with his playing. He batted around 300 all year, driving in many runs. His worse faults were a tendency to sulk and to make difficult chances out of easy ones. All considered, none of the other clubs had a better guardian of the door of the diamond, and many local footers are surprised to know that the big first sacker has even been mentioned to figure in a deal.

As to the men who will really figure in the deals, that must be left entirely to conjecture until President Rasin or Manager Knabe get ready to uncork the news. The transactions concern Hack Simmons, Raiser Wilhelm, Frank Smith, Bill Bailey, Harvey Russell and Johnny Bates.

There is also some talk of Guy Zinn figuring in a trade, due to the injury he sustained last season when he broke his ankle. By some it is believed that his injury will greatly interfere with his future playing.

FATE OF ORIOLES WILL HE

KNOWN EARLY NEXT WEEK

The fate of the Orioles is expected to be known when the annual meeting of the international League is held in New York next Monday, the day previous to the meeting of the National League. According to Jack Dunn, at the International League session the moguls of Barrow's league will probably decide on two changes in the circuit. Jersey City will most likely lose its franchise, and the club will be transferred to either Brooklyn or Syracuse.

racuse.

If the Skeeters are transferred across the bridge, Charles Ebbetts and the McKeever Brothers will sell the Newark club, which they control, to a syndicate of business men who have made several offers to Ebbetts already. If the Skeeters are transferred they will play at Ebbetts Field. In this case the Brooklyn Federals will have opposition all season.

## JOHN T. COBURN CHOSEN CAPTAIN OF SPIDERS

Hard-Working Left Tackle Elected Leader of Richmond College 1915 Football Squad.

FINISHES STUDIES NEXT YEAR

Ancarrow, Robins and Privott Were Given Honorary Vote - Position Highest One at Disposal of Students-Coburn's Selection Pleases.

After having had their annual photograph made yesterday afternoon, the Richmond College varsity football team elected John T. Coburn, left tackle, as captain to lead the team of 1915. There were four candidates for the position, which is one of the greatest honors—if not the greatest—that any man can receive in college, and any one of the candidates would have made a good leader. Captain Ancarrow, of the present championship team; Bert Robins, right tackle, and Jake Privott, left end, were the other players who were nominated for the position.

Coburn has played as a regular varsity man for the last three years on the Spider team, and next season will be his last. He hails from Maryland, his home being in the vicinity of Baltimore. He is a member of the Junior class in the academic school at college, and is a popular student. While here at college, he has played variously in the positions of half back, guard and tackle, and has always been a very strong, reliable player at every place. Cohurn has constantly and steadily improved in his playing in the three years he has been on the local team, and it is reasonable to expect that his work next year will be even better than that of the season just past. He is one of the hardest and most conscientious of players, and this honor comes as a just reward for his past efforts and as an expression of confidence in his future.

wildely Known Expert Addresses Richmond Society of Engineers.

Dr. Wirt Tassin, well-known chemist and metal expert, spoke last night at the auditorium of the Mechanics' Institute before a large audience, composed of members of the Richmond Society of Engineers, the Richmond Railroad Club and Virginia Mechanics' Institute. "Some Causes for Failure in Steel and Methods of Detection by Inspection" was his subject. Dr. Tassin, who has invented a method of detecting defects in steel, promises to bring about a revolution in the industry.

He has worked for the United States government in testing its cannon, and has also conducted tests at the Krupp Gun Works, Germany, the Bethlehem Steel Company and at the plants of several private concerns, including that of the Ford Motor Company.

The lecture last night, which was of a technical nature, was illustrated with lantern sildes and micrographs. The speaker explained how the structure of steel is influenced by work and heat, and made plain the difference between sound and faulty steel. He stressed the importance of the proper heat treatment in the production of sound steel.

## INTEREST AT HIGH PITCH IN WELSH-SHUGRUE BOUT

Battle of Lightweights at New York To-Night May Mean New Champion in Spotlight.

K. O. BROWN TO MEET HOFMAN

Brooklyn Boxer Scheduled to Go Ten Rounds Saturday-Hard Job for Al McCoy-Ahern-Dillon Mix-Up Is Called Off.

NEW YORK, December 1.—Not since the Ritchie-Cross fight here has interest been so keen in a lightweight match as in the Welsh-Shugrue contest, which takes place to-morrow night at Madison Square Garden. It is not because Welsh is champion, but because Shugrue is looked upon as a real contender, and one who will give the title holder the fight of his life.

Shugrue is one of the most aggressive boxers in the game.

Knock-Out Brown, the local light-weight, has been matched to meet young Hofman, the Brooklyn fighter, for ten rounds at the Broaklyn was Sporting Club of Brooklyn on Saturday night, and Jack Denny, of New Orleans, in a ten-round go before the Knicker-bocker Athletic Club, of Albany, N. Y., on next Tuesday night.

The latter club recently secured a license from the State Athletic Commission.

Al McCoy, the champion middle-weight, has a hard job on his hands' Friday night. He is to box Kid Wagner, the middleweight, of Wilkesbarre, Pa., in a ten-round bout in that city. Mike Gibbons has already fought Wagner, and claims he is one of the toughest men he has encountered so far in a ten-round battle.

will announce a decision later in the week.

Further argument was heard by the commission on the petition of the New York, Philadelphia and Norfolk Railroad Company for authority to increase its passenger rate from 2 to 21-2 cents a mile. Decision in this case was also reserved.

The answer of the Norfolk and Western, the Virginia and Southwestern and Southern Railroads in the proceedings brought to compel the construction of better waiting station facilities at Bristol was filed with the commission yesterday, and will receive consideration.

REAL WORLD'S SERIES
BASEBALL TEST LIKELY

SAN FRANCISCO. CAL., December 2.—Whother an all-star team composed of recognized champions in each position on the diamond can defeat the world series champions, is a test likely to be staged at the close of the 1915 baseball season on the Polo Grounds of the Panama-Pacific Exposition in San Francisco. The exposition continues until December 4. This gives the National Commission nearly two months to arrange the actual world's championships.

A movement is on foot to bring to the exposition and International League, with a possibility of the champions of the Pederal League, to participate in a series of games. Tentative plans so far discussed involve the entries of all-star American and National League, with a possibility of the champions of the Federal League, to participate in a series of games.
